MNE-KOS IPA CROSS-BORDER COOPERATION PROGRAMME MONTENEGRO-KOSOVO 2014-2020

IPA CBC Programme Montenegro - Kosovo 2014-2020 Grant Award Ceremony

The start of the implementation of six projects selected under the 1st Call for Proposals for IPA Cross-border Cooperation Programme Montenegro – Kosovo 2014-2020 was announced on 16th November in Pristina.

Head of the Operating Structure of Kosovo in the Ministry of Local Government Administration **Rozafa Ukimeraj** welcomed all participants of the event and stated that great interest of potential applicants was recorded in the 1st Call for Proposals and thanked the grantees for their dedication and achieved results. At the same time she urged to all local and national institutions, municipalities and civil society organizations to further engage in the upcoming period, considering that the 2nd Call for Proposals is planned to be published soon.

Miodrag Račeta the Head of Department for European and territorial cooperation in the Office for European Integration of Montenegro expressed particular satisfaction with the fact that for the first time within this programme the contracting and start of the implementation of the projects that will be implemented under indirect management is announced. This represents a result of successful cooperation that the two countries have established in the previous perspective. He recalled that available funds under 2014financial perspective for this 2020 programme amount to EUR 8,4 million, while the funds that were available for financing projects under this call amount to EUR 2,04 million.

He expressed confidence that the project activities will contribute to the empowerment of the programme area in terms of fostering employment, improving access and quality of health services, establishment of technical requirements for integrated solid waste management and evaluation of joint tourist potential based on shared natural and cultural heritage.

Partners per country

Luka Đuričković the Head of Quality Assurance Division in the Directorate for Finance and Contracting of the EU Assistance Funds (CFCU) in the Ministry of Finance of Montenegro announced that selected projects contribute to the achievement of the objectives of the Programme under this call, and that their realization involves joint engagement of numerous institutions and organizations. He also recalled the fact that the value of the contracted projects will be 2,02 million euro, which represents 99% of the available amount under the 1st Call.

The Deputy Head of Cooperation Section, European Union Office in Kosovo, **Libor Chlad** stated that through the programmes of cross-border cooperation the European Union seeks to link the countries and the common interest of people living in the border area not only through creating opportunities for this population, but also through close cooperation and partnership creation. He expressed hope that the projects will be implemented not only in accordance with the established rules, but also in accordance with the interests and benefits of people living in the border regions.

Field activities in Montenegro and Albania

The Museum of Polimje Montenegro in cooperation with the Regional Development Agency for Bjelasica, Komovi and Prokletije, the Regional Council of Shkoder and EuroPartners Development performed initial field activities in August and continued in September within the project *Preserving cultural landscape of Albania and Montenegro.*

Emergency Situations, a cross-border demonstration exercise on protection and rescue in floods was held on 31st October in Podgorica. 26 rescuers from Montenegro and Albania checked and demonstrated their readiness for rescue in flood cases and on fast waters according to the system *Rescue* 3.

The exercises were preceded by a four-day training of rescuers from these two countries, which included a theoretical and practical part, during which the participants had the opportunity to learn from modern mountain rescue instructors from the Croatian Mountain Rescue Service on modern methods of protection and rescue in cases of floods and in fast waters. In this regard, old stone buildings have been reviewed, wooden houses, water mills, katuns, rural fences to gather the information needed for an architectural study which will present these typical styles with abundance of photos and descriptions.

Youth in production of raspberries

In Petnjica, the second lecture on the topic *The* state and prospects of raspberry cultivation, production in the world and economic significance was held.

In a way, this lecture marked the beginning of fieldwork activities within the project Young Montenegrins and Albanians in Raspberry Crops and the very beginning of the lecture on how to cultivate raspberries, a culture (raspberry) that is present in the cross border area of Montenegro and Albania. This practice will be continued in the forthcoming period and more lectures and similar actions will be supported by fieldwork and practice.

Capacity building of local chefs in Albania

Capacity building of local chefs in Albania was conducted as part of the activities of the project *Local cuisine as tourism offer of crossborder region.* Namely, one training session with local chefs took place on 23rd September 2018 in one of the hosted and reachable restaurant of the area. There were 5 chefs attending this training as the number of the restaurants in targeted rural areas in Albania is very limited. The training was delivered by the experts of the Albanian Gastronomy Academy.
