# 1. Municipal Performance Assessment for the 2024 Grant

## 1.1 Introduction

At the end of 2017, the Ministry of Local Government Administration (MLGA), in partnership with the Swiss Agency for Development and Cooperation (SDC), have developed and agreed to co-finance the municipal performance grant allocation scheme for municipalities. In 2019, Sweden and Norway decided to co-finance the Municipal Performance Grant (MPG) scheme. In 2023, the European Union (EU) through Sweden will also join in co-financing the MPG scheme.

In January 2024, the municipalities' assessment was conducted for the performance grant for the fiscal year 2024, according to the 2022 performance **for minimum conditions and the indicators set out in the Rules of the Municipal Performance Grant for the fiscal year 2024.**

## 1.2 Key topics

The Municipal Performance Grant (MPG) for 2024 will be allocated to municipalities that have met the minimum conditions set out below:

1. Municipalities must have reported the data to the MPMS by the deadline, according to the article 19.2 of the Law on PMS/MPG;
2. Municipalities must have complied with the legal obligation to review municipal acts deemed illegal by the supervisory authority;
3. The audit opinion should be at least unmodified with an emphasis on matter; and
4. Municipalities must have spent 75% or more of their final budget for capital investment;

The Municipal Performance Grant (MPG) for the fiscal year 2024 will be allocated to municipalities in accordance with the score attained in municipal performance, based on indicators on three main topics: (i) democratic governance, (ii) municipal management, and (iii) service delivery.

These three topics are further divided into ten sub-topics, as presented below in Table 1. Within these ten sub-topics, 30 performance indicators were identified (see Table 2).

It is important to note that 29 indicators will be evaluated to determine the grant awarded in fiscal year 2024, for which the assessment is based on 2022 performance.

Indicator no. 27 (orange in Table 2) is 'frozen' which means that the result for this indicator will not be considered in the total points, because the data reported by the municipalities were incomplete and were considered invalid in the SMPK report for 2021.

The maximum number of points for the 29 indicators to be evaluated is 96 points. These points, as will be explained in Chapter 2, determine the amount of the municipal performance grant that the municipality receives for the 2022 performance.

**Table 1: Three main topics and ten sub-topics with maximum points for the grant to be allocated in 2024**

Topics and sub-topics		Maximum possible points
<b>1. Democratic governance</b>		<b>40</b>
I	Role of the municipal assembly as an oversight body	13
II	Participation, citizen consultation and inclusion	12
III	Transparency, access to information and integrity	15
<b>2. Municipal management</b>		<b>30</b>
IV	Financial management	13
V	Contract management	7
VI	Human resource management	10
<b>3. Provision of services</b>		<b>26</b>
VII	Administrative services	6
VIII	Spatial planning, public transport and the environment	8
IX	Pre-university education	4
X	Primary health care	8
<b>Maximum number of points that can be obtained</b>		<b>96</b>

### 1.3 Geographical coverage

Performance assessment for the 2024 grant was made for all municipalities of the Republic of Kosovo.

### 1.4 Report structure and target audience

This document presents the process of assessing the performance of municipalities during 2022 and the final assessment results for the municipal performance grant that will be allocated in 2024, as well as provides information on the amount of the grant for eligible municipalities.

**Chapter 1** – provides general information on the municipal performance grant, the areas it focuses on, as well as the maximum points that municipalities can receive in the performance indicators, according to the results of 2022.

**Chapter 2** – elaborates the assessment methodology, minimum conditions, performance indicators as well as the assessment process.

**Chapter 3** – discloses the final assessment results for the minimum conditions, performance indicators as well as the result by topics and subtopics. This chapter also presents the municipal performance grant amounts that will be transferred to municipalities in 2024.

Simultaneously, the Annexes provide more detailed information of the assessment results for the minimum conditions (Annex 1) and for the performance indicators (Annex 2). Annex 3 provides a summary of the assessment results for each municipality.

This document was initially drafted for the members of the Municipal Performance Grant Commission (MPGC) and will be made available to all stakeholders in all municipalities of Kosovo and citizens. At the central level, this document, in addition to the MPGC, will be of interest to all ministries drafting policies that affect municipalities, as well as to Non-Governmental Organizations (NGOs) that address local service delivery and local governance. This document can also serve international partners who are considering joining or aligning their grant schemes to the municipal performance grant.

## 2. Municipal Performance Grant for 2024 - Assessment Methodology

### 2.1 General aspects of the assessment methodology

The '**Rules of the Municipal Performance Grant for the Fiscal Year 2024**', approved by the MLGA, and donors, represents the main document on the basis of which the assessment of the Municipal Performance Grant for 2024 was carried out. The rules of the MPG explain the policies behind this grant as well as provide detailed guidance regarding the performance assessment process.

#### 2.1.1 Assessment Period for Municipal Performance Grant (Grant Management Cycles)

The assessment period for the municipal performance grant is divided into 3 main phases:

- **Performance period** - which means the year for which the performance of the municipality is assessed. According to the rules of MPG 2024, the municipal performance of 2022 is assessed;
- **Assessment period** - means the period in which the performance assessment for the MPG is performed.
- **Grant allocation and use period** - means the year in which the grant is made available for use by municipalities. Under these rules, the grant will be available to municipalities in 2024.

#### 2.1.2. Minimum conditions

In order to qualify for the Municipal Performance Grant for 2024, municipalities must have met the 4 minimum conditions as follows:

1. Municipalities must have reported the data to the MPMS by the deadline, according to the article 19.2 of the Law on PMS/MPG<sup>1</sup>;
2. Municipalities must have complied with the legal obligation to review municipal acts deemed illegal by the supervisory authority<sup>2</sup>;
3. The Audit Opinion must be at least unmodified, with an emphasis on the matter; and,
4. Municipalities must have spent 75% or more of the budget on capital investments.

Municipalities that have not met one of the above minimum conditions will not be able to receive a municipal performance grant, regardless of their points in the performance indicators. For all municipalities that have met the minimum conditions, the municipal performance grant received by each municipality is based on its relative points achieved on the 29 performance indicators (its points compared to those of all other municipalities).

#### 2.1.3. Performance indicators

As shown in Table 2 below, for the grant to be allocated in 2024, a total of 29 municipal performance indicators were assessed, according to the points attained by the municipalities in 2022<sup>3</sup> under three main areas and ten sub-areas (see also Table 1 above).

---

<sup>1</sup> Deadline for reporting performance data by the municipality is 45 calendar days from the moment of receiving the request for reporting from the ministry

<sup>2</sup> Review for the purposes of the MPG is a procedural criterion, which implies the obligation of the municipality to review in the Municipal Assembly acts deemed illegal in 2021 by the supervisory authority, without presupposing the final content of the reviewed act.

<sup>3</sup> Indicator 27 is 'frozen' indicator and is not assessed for the 2024 Municipal Performance Grant.

Table 2: Summary of areas, sub-areas and indicators of 2022 for the MPG for fiscal year 2024<sup>4</sup>

#	Topic / Indicator field	# max. of points
<b>I. DEMOCRATIC GOVERNANCE</b>		<b>40</b>
<b>I</b>	<b>The role of the municipal assembly as an oversight body</b>	<b>13</b>
1	Timely approval of the annual municipal budget proposal	2
2	Discussion of quarterly budget reports by the Municipal Assembly	3
3	Discussion on the municipal performance report by the Municipal Assembly for the previous year	2
4	Discussion of the external auditor's report and action plan for addressing the recommendations as well as discussion of the findings and recommendations from the internal audit in the Municipal Assembly	4
5	Municipal Assembly meetings with the participation of the Mayor	2
<b>II</b>	<b>Citizen participation, consultation and inclusiveness</b>	<b>12</b>
6	Citizen participation in public meetings, disaggregated by gender	2
7	Municipal acts and local policy documents consulted with the public	4
8	Public hearings on the Medium-Term Budget Framework (MTEF) and municipal budget	4
<b>III</b>	<b>Transparency, access to information and integrity</b>	<b>15</b>
9	Assembly meetings made public and broadcasted live online	3
10	Meeting the criteria of the official website of the municipality	4
11	Publication of public procurement documents of the municipality	2
12	Publication of reports on public consultation processes	4
13	Reporting the annual integrity plan to the Municipal Assembly	2
<b>II. MUNICIPAL MANAGEMENT</b>		<b>30</b>
<b>IV</b>	<b>Financial management</b>	<b>13</b>
14	Level of updating the property tax register	3
15	Level of property tax bill collection (no debts, interest, penalties)	5
16	Level of addressing the recommendations of the National Audit Office	5
<b>V</b>	<b>Contract management</b>	<b>7</b>
17	Level of Implementation of the procurement plan	3
18	Compilation and publication of the list of municipal properties planned for commissioning	4
<b>VI</b>	<b>Human resource management</b>	<b>10</b>
19	Vacancies processed through HRMIS <sup>9</sup>	2
20	Women in leadership positions in educational, health and cultural / sports institutions	5
21	Women appointed to political positions in the municipality	3
<b>III. PROVISION OF SERVICES</b>		<b>26</b>
<b>VII</b>	<b>Administrative services</b>	<b>6</b>
22	Administrative requests reviewed within the legal deadlines	4
23	Reviewed applications for construction permits	2
<b>VIII</b>	<b>Spatial planning, public transport and the environment</b>	<b>8</b>
24	The surface of the territory of the municipality covered by regulatory plans (detailed)	3
25	Settlements involved in local public transport	3
26	Implementation of the local action plan in the environment	2
<b>IX</b>	<b>Pre-university education</b>	<b>4</b>
27	Children attending kindergarten - rural and in general <sup>10</sup>	4
28	Passing in the national Matura exam – 12 <sup>th</sup> grade	4
<b>X</b>	<b>Primary health care (PHC)</b>	<b>8</b>
29	m <sup>2</sup> of Primary Health Care spaces per 10000 inhabitants	3
30	Level of compliance with the ratio 1 family doctor and 2 nurses per 2000 inhabitants	5
<b>Total points</b>		<b>96</b>

<sup>4</sup> A more detailed explanation of the indicator topics and the colors can be found in the text and in Annex 2 of the Rules of the Municipal Performance Grant for the FY 2024.

Different indicators have different number of points, depending on the weight and importance attributed to an indicator. Annex 2 of the Rules of the Municipal Performance Grant for the FY 2024 contains a detailed guideline regarding the allocation of points within the maximum points. Points were calibrated in a way which ensures that good and acceptable performance levels are rewarded, and for each indicator, the under optimal performance is awarded with few or no points at all, meaning that points do indeed encourage better performance (rather than average performance). It also means that municipalities that perform better on a number of indicators will receive significantly more points compared to those with an average performance.

#### 2.1.4 Data sources for the assessment of minimum conditions and MPG indicators

The performance assessment data for the 2024 grant is derived from the following sources: i) Report of the Municipal Performance Management System for 2022 from MLGA, published by MLGA, ii) Report on the functioning of Kosovo municipalities for 2022 of the MLGA, published by the MLGA; iii) Regularity Audit Reports for each of the 38 municipalities, published by the NAO.

#### 2.1.5 Financing sources of Municipal Performance Grant

The Municipal Performance Grant for 2024 is co-financed by the MLGA, EU, Sweden, Switzerland, and Norway. **The total amount available for the 2024 Municipal Performance Grant is 8,321,874.00 Euro**, without calculating 78,500.00 Euro allocated for social audit to monitor the impact of the projects by citizens. Table 3 shows the indicative amount of MPG that will be allocated to municipalities.

**Table 3: Financing sources of the 2024 Municipal Performance Grant (in EUR)**

Funds	Source	Total 2024
MPG amount available for municipalities	Government of Kosovo / MLGA	4,000,000 Euro
	Donor contributions (EU, Sweden, Switzerland, Norway)	4,321,874 Euro
Budget for social audit		78,500 Euro
Total MPG Funds		8,400,374 Euro
<b>Funds to be allocated to municipalities</b>		<b>8,321,874 Euro</b>

#### 2.1.6 Calculation of the amount of the Municipal Performance Grant

The amount of the Municipal Performance Grant allocation is determined by (i) the relative performance of each municipality for 2022, measured based on determined performance indicators and (ii) the weight of the Municipal Performance Grant in the total grant allocated for 2024. Details on the manner how the Municipal Performance Grant allocation for 2024 has been calculated are provided in sub-chapter 3.3 - Municipal performance grant for 2024.

## 2.2 Assessment process

### 2.2.1 Institutional arrangements

The Municipal Performance Grant Commission (MPGC) and the technical group are the bodies responsible for assessing and allocating the Municipal Performance Grant. The Complaints Commission reviews and decides on municipal complaints. The Appeals Commission will not review complaints related to the data source used during the assessment.

MPGC is the highest decision-making body for the grant. This commission assumes the final responsibility for grant allocation. The main function of the MPGC is to ensure that the assessment is done in accordance with the criteria and rules of the Municipal Performance Grant. The MPGC cannot change the assessment results and grant amounts without fully applying the assessment process in accordance with the grant rules.

The Municipal Performance Grant Commission consists of:

- 1 member from MLGA (General Secretary/Chairperson),
- 1 public official of the leading level of the ministry,
- 1 public official from the ministry responsible for finances
- 1 observer from European Union office in Kosovo,
- 1 observer from Sweden,
- 1 observer from Switzerland, and
- Observers from civil society.

The technical group consists of 5 members:

- 3 members from the unit responsible for municipal performance;
- 2 members from the DEMOS project (representing the contributing entities);
- 1 member from civil society (observer).

The Complaints Commission consists of 3 members:

- 2 representatives from MLGA (one of them is the Chairperson);
- 1 external representative;
- 2 observers from DEMOS

Members of the grant commission or technical group cannot be members of the complaints commission.

Detailed terms of reference for the Technical Group, the Municipal Performance Grant Commission, and the Complaints Commission, are provided in Annexes 5, 6 and 7 of the Rules of the Municipal Performance Grant for the Fiscal Year 2024.

### 2.2.2 Assessment procedures

#### **Preparations**

The technical group has prepared the Rules of MPG for FY 2024. The Rules for FY 2024 have been approved by the contributors, and then they have been distributed to the municipalities.

#### **Data collection and assessment**

The technical group has collected data for the performance assessment of 2022. The data have been transferred to a database for each minimum condition and for each performance indicator. All data are

described by the data source. The technical group has not changed any source data. These data have determined the assessment result of the minimum conditions, as well as the level of points obtained for the performance indicators, in accordance with the scoring guide described in Annex 2 of the Rules of Municipal Performance Grant for FY 2024. First, it was assessed whether or not the minimum conditions for each municipality were met. This assessment has identified the eligible municipalities as well as the ineligible ones (see Annex 1). The next step was to assess the performance indicators. The total points obtained were recorded in the Municipal Performance Grant Allocation Table, which calculates the amount of the Municipal Performance Grant for each municipality that is eligible (Table 7). The municipalities with the best performance were then identified and additional bonuses were awarded according to the rules. ***In this year, the highest performance was shown by the Municipality of Rahovec with 74 points, winning the additional reward of 5% of the total value, the second municipality is the Municipality Obiliq with 68 winning the additional reward of 3% of the total value, while the third municipality is the municipality of Skenderaj with 65 points, winning an additional reward of 2% of the total value.*** After that, the scorecard (see the template in Annex 3 of the Rules of the Municipal Performance Grant for FY 2024 as well as Annex 4 of this document) is completed with the results for each municipality<sup>5</sup>. The assessment of performance indicators was done for all municipalities, including those that did not meet the minimum conditions.

Throughout the assessment process, the quality control of the data transferred to the scorecards and to the database was performed. Finally, a final control of the formulas used, and the results (points) was made.

---

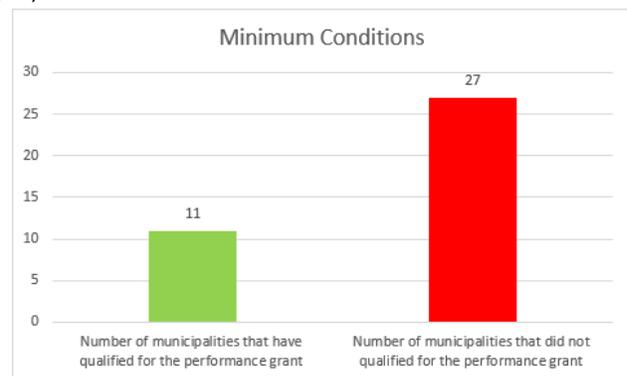

<sup>5</sup> If a municipality has not submitted data for any indicators, the performance for these indicators will be zero.

## 3. Municipal Performance Grant for 2024 – Final Assessment Results

### 3.1 Results of minimum conditions

**11 out of 38 assessed municipalities** have met all four minimum conditions **and have been qualified for a municipal performance grant for 2024**. This means that 28.95% of the municipalities in Kosovo will be the beneficiary municipalities<sup>6</sup> of the 2024 Municipal Performance Grant.

- 30 out of 38 municipalities (>78.94%) have fulfilled the first minimum condition (Municipalities must have reported the data to the MPMS, by the set deadline).
- 35 out of 38 municipalities (>92.10%) have fulfilled the second minimum condition (Municipalities must have complied with the legal obligation to review municipal acts deemed illegal by the supervisory authority).
- 18 out of 38 municipalities (>47.36%) have fulfilled the third minimum condition (Audit opinion must be at least unmodified with an emphasis on the matter).
- 21 out of 38 municipalities (>55.26%) have fulfilled the fourth minimum condition (Municipalities must have spent 75% or more of the final budget on capital investment).

The summary of the results of the minimum conditions for all municipalities is given in Annex No. 1, while Annex No. 2 provides a summary of the results for each municipality separately.

### 3.2 Results of MPG indicators

#### 3.2.1 Overall results for MPG indicators

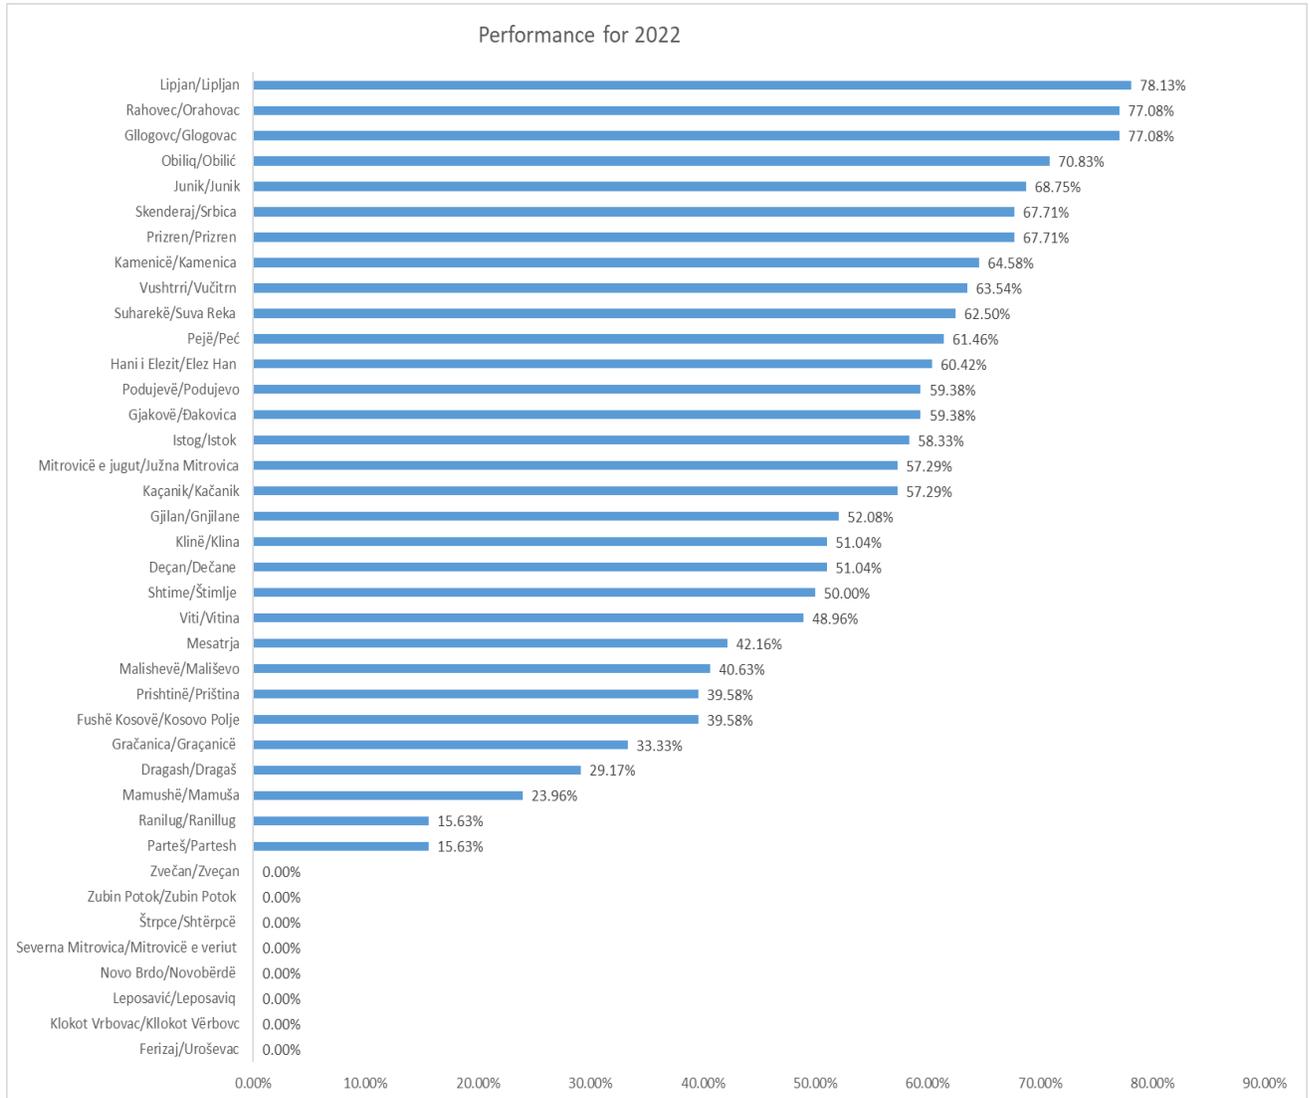

For the performance of 2022 in the PMS only 30<sup>7</sup> municipalities have reported. In the calculation for MPG 2024. However, in the calculation for MPG all municipalities are considered. **The average performance of all 38 municipalities** in the 29 performance indicators for 2022 (2024 grant) is ~ **42.16%** (~ 40.47 points out of a total of 96 possible points), while the average performance of the municipalities that have been qualified for the municipal performance grant is ~ 49.81% (~ 47.82 points out of a total of 96 possible points).

<sup>6</sup> Dragash, Kaçanik, Malishevë, Obiliq, Partesh, Pejë, Ranilug, Rahovec, Skenderaj, Suharekë, Shtime.

<sup>7</sup> Ferizaj, Kllokot, Leposaviq, Novobërd, Mitrovica e Veriut, Shtërpce, Zubin Potok dhe Zvečan

The average score of the 2022 performance indicators for each municipality separately is given in Figure 1 below. 20 out of 38 municipalities (52.63%) have achieved an average performance above 50% in 29 performance indicators.

Figure 1: Overall performance by municipalities, in percentage

The municipality with the highest performance in the 29 performance indicators of 2022 is the Municipality of Lipjan/Lipljan. The overall performance result of the Municipality of Lipjan/Lipljan is 75 out of 96 possible points (78.13%). **While among the benefiting municipalities with the highest performance is Municipality of Rahovec/Orahovac with 74 points (77,08%).**

Municipality of Partes/Partesh and Ranilug/Ranillug have the lowest average score (both of these benefiting municipalities of GPK 2024), not considering the municipalities that have not reported.

11 out of 38 municipalities have achieved an overall performance between 15 points (15,63%) and 75 points (77,08%).

### 3.2.2 Result for MPG indicators on the topic 'Democratic Governance'

*The average performance of 38 municipalities in the 13 indicators assessed within the topic 'Democratic Governance' is ~ 18.11 points out of a total of 40 possible points on this topic (45.26%). The 3 municipalities with the highest performance in this topic are: Municipality of Rahovec/Orahovac, Municipality of Lipjan/Lipljan and Municipality of Glogoc/Glogovac. These municipalities have shown a performance of 33-37 points (82.50%-92.50%).*

In the sub-topic '**Role of the Municipal Assembly as a supervisory body**' the average overall performance for 5 assessed indicators is 6.34 points out of 13 possible points (48.76%).

In the sub-topic '**Citizen participation, consultation and inclusion**', the overall average performance for the 3 assessed indicators is 4.76 points out of a possible 12 points (39.66%).

In the sub-topic '**Transparency, access to information and integrity**', the overall average performance for the 5 assessed indicators is 7 points out of 15 possible points (46.66%).

### 3.2.3 Results for MPG indicators on the topic 'Municipal Management'

*The average performance of 38 municipalities in the 7 indicators assessed within the topic 'Municipal Management' is 11.63 points out of a total of 30 possible points on this topic (38.77%). The municipality with the highest performance in this topic is: Municipality of Glogoc/Glogovac. This municipality has obtained a total of 23 points out of 30 possible points (76.67%).*

In the sub-topic '**Financial Management**' the average overall performance for the 3 assessed indicators is 3.55 out of 13 possible points (27.30%).

In the sub-topic '**Contract management**', the overall average performance for the 2 assessed indicators is 4.24 out of 7 possible points (60.57%).

In the sub-topic '**Human resource management**', the overall average performance for the 2 assessed indicators is 3.34 out of 10 possible points (38.4%).

### 3.2.4 Results for MPG indicators on the topic 'Service Delivery'

*The average performance of 38 municipalities in the 8 indicators assessed under the topic 'Service Delivery' is ~10.74 points out of a total of 26 possible points in this topic (41.30%). The municipality with the highest performance in this topic is: Municipality of Lipjan/Lipljan. This municipality has obtained a total of 22 points out of 26 possible points (84.62%).*

In the sub-topic '**Administrative services**', the average overall performance for 2 assessed indicators is ~ 4.37 points out of 6 possible points (72.83%).

In the sub-topic '**Spatial planning, public transport and environment**', the overall average performance for the 3 assessed indicators is 2.29 out of 8 possible points (28.62%).

In the sub-topic '**Pre-university education**', the average overall performance for 1 assessed indicator is 1.47 out of 4 possible points (36.75%)<sup>8</sup>.

In the sub-topic '**Primary health care**', the average overall performance for the 2 assessed indicators is 2.61 out of 8 possible points (32.65%).

---

<sup>8</sup> Indicator no.27 (orange in Table 2) is frozen which means that the result for this indicator will not be taken into account in the total points

### 3.3 Summary of results for MPG indicators

The table below shows the final result for each municipality, as well as the result for each topic.

Table 6: Result of MPG indicators for all municipalities by topics

#	Municipality	Summary of results			
		Democratic Governance	Municipal Management	Service Delivery	Total points
1	Deçan/Deçane	18	16	15	49.00
2	Dragash/Dragaš	10	12	6	28.00
3	Ferizaj/Uroševac	0	0	0	0.00
4	Fushë Kosovë/Kosovo Polje	13	7	18	38.00

38	Zvečan/Zvečan	0	0	0	0.00
Average expressed in points		18.11	11.63	10.74	40.47
Average expressed as a percentage		45.26%	38.77%	41.30%	42.16%

### 3.4 Municipal Performance Grant for 2024 – grant amounts

The grant allocation table has been completed based on the results of the minimum conditions and performance indicators.

The table below shows the amount of the Municipal Performance Grant for each municipality, calculated according to the example below for the Municipality of Rahovec/Orahovac.

**Fulfilment of the four minimum conditions** was initially assessed. This has determined whether the municipality is a beneficiary of the grant or not. If the municipality has fulfilled all four minimum conditions, the result in column 5 of Table 7 will be = 1. Conversely, if the municipality has not fulfilled all four minimum conditions, the result of the minimum conditions will be zero. In this case, the Municipality of Rahovec/Orahovac has fulfilled all four minimum conditions and the result in column (5) for the Municipality of Rahovec.is = 1.

To calculate **the level of the municipal performance grant amount** for the Municipality of Rahovec/Orahovac., the following steps are taken:

1. Column (4): 'The relative share of the general grant for the Municipality of Rahovec/Orahovac. is determined by dividing the 'general grant of the Municipality of Rahovec/Orahovac column (3) by 'the total amount of the general grant for allocation' - the **total** of the column 3.

**The calculation is as follows:**

'General grant for the Municipality Rahovec/Orahovac.' (8,486,139.00 Euro)/ 'total amount of the general grant for allocation' (284,680,000.00 Euro) = 'relative share of the general grant for the Municipality of Rahovec/Orahovac (2.98%);

2. Column (6): 'Assessment points' are calculated by adding up the points obtained in each of the 29 performance indicators for the Municipality Rahovec/Orahovac ('assessment points' for the Municipality of Rahovec/Orahovac = 74 points);

3. Column (7): 'Weighted performance result for the Municipality of Rahovec/Orahovac' is calculated by multiplying the 'assessment points' - column (6) with the 'relative share of the general grant for the Municipality of Rahovec/Orahovac - column (4) as well as with the 'result of meeting the minimum conditions'- column (5).

**The calculation is as follows:**

'Assessment points' (74 points) \* 'relative share of the general grant for the Municipality of Rahovec/Orahovac (2.98%) \* 'result of meeting the minimum conditions' (1) = 'Weighted performance result for the Municipality of Rahovec/Orahovac (2.21);

4. Column (8): 'Relative weighted result for the Municipality of Rahovec/Orahovac is calculated by dividing the 'Weighted performance result for the Municipality of Rahovec/Orahovac - column (7) by the total 'weighted result' - the total of column (7);

**The calculation is as follows:**

'Weighted performance result for the Municipality of Rahovec/Orahovac (2.21)/ 'total weighted result' (13.52) = 'relative part of the weighted result for the Municipality of Rahovec/Orahovac (16.4%).

5. Column (9): 'Estimated value of the Municipal Performance Grant for the Municipality of Rahovec/Orahovac is calculated by multiplying 'the relative share of the weighted result for the Municipality of Rahovec/Orahovac - column (8) by the 'total amount of the Municipal Performance Grant available in one year' (8,321,874.00 Euro) total amount of municipal performance grant). For this year, the value of the grant awarded to the Municipality of Rahovec/Orahovac is 1,228,651.08 Euro. This amount represents 14.48% of the general grant for the Municipality of. Rahovec/Orahovac.
6. Column (11): 'Reward' indicates the distribution of the reward for the Municipality of Rahovec/Orahovac. The Municipality of Rahovec/Orahovac with the highest performance, receives 5% of the total amount of the Municipal Performance Grant which is  $8,321,874.00 \times 5\% = 416,093.70$  Euro.
7. Column 12 shows the total value of the Municipal Performance Grant for each municipality after awarding the reward. So, in column 9 - the calculated value for the MPG for the Municipality of Rahovec/Orahovac' is added to the amount of the reward and this gives us the total value of the MPG for the Municipality of Rahovec/Orahovac, which is 1,644,744.79 Euro. This amount represents 19.38% of the general grant for the Municipality Rahovec/Orahovac.

The amounts presented in the table below are final and will be allocated to municipalities after the signing of project financing agreements.

## Municipal Performance Grant (MPG) Allocation Table for 2024

		Total value for MPG		8,321,874 Euro								
Reward for the first municipality with maximum points		5.0%		416,094								
Reward for the second municipality with maximum points		3.0%		249,656								
Reward for the third municipality with maximum points		2.0%		166,437								
				(832,187 Euro)								
Available amount for allocation based on formula		832,187 Euro		7,489,687 Euro

### 3.5 Summary of final assessment results and recommendations

The assessment results show that 11 of the 38 assessed municipalities have implemented a sound municipal financial management system during 2022, according to the minimum conditions set out in the Municipal Performance Grant. These 11 municipalities have been qualified for the Municipal Performance Grant to be transferred to the municipalities in early 2024.

The assessment results for 29 performance indicators for 2022 show that most municipalities have shown an average performance in these indicators. The overall average of 38 municipalities for 29 performance indicators is 40.47 points out of a total of 96 possible points (42.16%). It is worth noting that a number of municipalities that did not fulfil the minimum conditions for the Municipal Performance Grant showed above-average performance in performance indicators<sup>9</sup>.

The data show that in some indicators, the average performance is poorer. This requires additional analyses for each indicator.

The data also suggest that there are no differences between municipalities with different population numbers or areas in the overall performance result. However, such factors have influenced the determination of the amount of the Municipal Performance Grant.

The amount of grant that municipalities will receive in 2024 ranges from **17,505.12<sup>10</sup>Euro** to **1,752,397.65 Euro**. The relative extra amounts that municipalities will receive range from 2.93%<sup>11</sup> to 20.57%<sup>12</sup> of the total municipal grant.

Based on the abovementioned, it appears that the Municipal Performance Grant for 2024 in the total amount of 8,321,874.00 Euro will be allocated to 11 municipalities that have fulfilled all four minimum conditions. The amount of the grant for each municipality is determined by their performance compared to the performance of other beneficiary municipalities, as well as by the weight of the Municipal Performance Grant in the total grant allocated for 2024. Also, for the three municipalities with the best performance, the value of the reward has been determined according to the rules of the MPG.

---

<sup>9</sup> Municipalities of Deçan, Glogoc, Gjakovë, Gjilan, Hani I Elezit, Istog, Junik, Kamenicë, Klinë, Lipjan, South Mitrovica, Prizren, Podujevë, Vushtrri and Viti

<sup>10</sup> Municipality of Partesh
